These Terms & Conditions govern the Juno Markets Trading Party Contest for clients in Kazakhstan (the “Contest”). By participating, you agree to be bound by these Terms & Conditions and any other policies issued by Juno Markets from time to time. Juno Markets reserves the right to amend these Terms without prior notice. In case of disputes, Juno Markets’ decision is final and binding.

1. Contest Overview

1.1 The Contest is a demonstration (demo) trading contest organized to reward clients who trade with discipline during the contest period. Rankings are determined by Return on Investment (ROI %). The Contest runs on virtual funds; no real money is involved and no deposit is required to take part.

2. Organizer

2.1 The Contest is organized by Juno Markets Limited (the “Company”, “Juno Markets”, “we”, “us”). Contest enquiries: support@junomarkets.com.

3. Contest Schedule

3.1 Registration Period: 21 September 2026 – 4 October 2026 (inclusive).

3.2 Contest Period: 4 weeks, 5 October 2026 – 1 November 2026.

3.3 Winners are announced within 10 business days after the Contest ends; prizes and bonuses are credited or delivered within 15 business days of eligibility being confirmed.

3.4 All times refer to the MetaTrader 5 platform server time (UTC+3).

4. Eligibility

4.1 To be eligible, a participant must:

- Be an existing Juno Markets client who received a personal invitation to the Contest;
- Complete all required identity verification (KYC) procedures, if requested;
- Not reside in any restricted or prohibited jurisdiction;
- Hold the MT5 demo contest account issued by the Organizer for the Contest.

5. Registration

5.1 Clients register through the Contest landing page and follow the on-screen steps.

5.2 Each client may participate with one (1) contest account only.

5.3 Registration is considered successful only after system confirmation.

5.4 Registration alone does not mean the participant has qualified to win; ranking is determined per Clauses 7–8.

6. Contest Account

6.1 Each participant is provided with a Demo STP account with a starting balance of USD 10,000. All participants start from the same balance.

6.2 Funds on the account are virtual and non-withdrawable. The participant's own funds are not involved and are not at risk.

6.3 The Contest runs on the MetaTrader 5 platform. Leverage is dynamic, all instruments are available (Forex and CFDs), and the margin close-out level is 0.3%.

6.4 The MT5 terminal is provided via the link on the registration page.

7. Trader Best Practice Challenge (Contest Rules)

7.1 Throughout the Contest period the participant must observe the following limits:

- **No expert advisors (EAs):** trading robots and automated systems are not allowed.
- **No full margin:** using all available margin in a single position is not allowed.

7.2 Compliance with these limits is monitored by the Organizer based on account trading data. Breaching any of them results in disqualification regardless of the financial result achieved.

7.3 "Completing the Challenge" means finishing the Contest period without breaching any of the limits in Clause 7.1.

8. Ranking & Winners

8.1 Eligible participants — those who complied with Clause 7 — are ranked by Return on Investment.

8.2 Formula: **ROI % = [Profit / Starting Balance] × 100**, where Profit is realized plus unrealized (floating) profit/loss and Starting Balance is USD 10,000. As all participants start from an equal balance, ROI ranking is equivalent to ranking by final balance (NAV) and by profit.

8.3 Participants are ranked in descending order of ROI %.

8.4 In the event of identical ROI %, the participant who reached the result earlier ranks higher; the Organizer may, at its sole discretion, apply additional tie-breaking criteria or split rewards.

8.5 The Organizer's calculation results are final and binding.

9. Prizes & Distribution

9.1 Prizes are awarded as follows:

Place / condition	Prize
1st place	MacBook Air
2nd place	iPhone
3rd place	Huawei tablet
Top 10 (places 1–10)	USD 200 trading bonus — activated by a USD 50 deposit (see 9.2)

9.2 **USD 200 bonus.** Each of the top 10 participants (places 1–10) is eligible for a USD 200 trading bonus. To activate the bonus, the participant must top up their real Juno trading account by at least USD 50. The bonus is credited to the real trading account and is subject to the Organizer's standard bonus terms, including trading-volume requirements before withdrawal.

9.3 Gadgets (1st–3rd places) are delivered within the Republic of Kazakhstan at the Organizer's expense. Trading bonuses are credited to the participant's real trading account.

9.4 Prizes are non-transferable and non-exchangeable.

9.5 Any taxes, fees or charges arising from prize receipt are borne solely by the winner.

10. Trading Conduct & Prohibited Behavior

10.1 Any indication or suspicion, at the Company's sole discretion, of the following is strictly prohibited:

- Expert Advisor (EA) or automated trading — robots, scripts or automated systems;
- Arbitrage trading, including risk-free strategies and latency arbitrage;
- Abuse of trading conditions or system vulnerabilities;
- Trading aimed solely at exploiting bonuses or credits without genuine market exposure;
- Fraudulent, manipulative or deceitful conduct;
- Coordinated or unfair trading practices that undermine the integrity of the Contest;
- Copy trading or signal-following — trade mirroring or replication of another account's trades.

10.2 Participants found engaging in the above are immediately disqualified, and any results, rankings or rewards associated with such accounts may be voided.

11. Monitoring, Investigation & Enforcement

11.1 Juno Markets reserves the right, at its sole discretion, to verify participant eligibility and trading behavior, conduct investigations or request additional documentation, and take necessary actions including disqualification, revocation or cancellation of rewards, account restrictions, or other remedial measures.

11.2 No prior notice is required for such actions. Juno Markets' interpretation of abuse, misconduct or unfair conduct is final.

12. System & Market Disclaimer

12.1 Juno Markets shall not be liable for any impact on rankings or results due to platform delays or malfunctions, network or connectivity issues, price volatility, slippage, or force-majeure events.

13. Risk Disclaimer

13.1 The Contest is held on demo accounts and is educational and entertainment in nature. Results achieved on a demo account do not guarantee similar results in live trading. Trading leveraged products such as CFDs involves significant risk and may not be suitable for all investors. Participation does not guarantee profits. Contest materials do not constitute individual investment advice.

14. Data Usage & Publicity

14.1 By participating, clients consent to the use of their trading results for ranking and promotional display, and to the publication of their name or nickname as part of the leaderboard and marketing materials. Photos, videos and interviews are used only with the participant’s separate consent.

14.2 All personal data is handled in accordance with Juno Markets’ Privacy Policy.

15. General Terms

15.1 Juno Markets shall not be responsible for technical issues, system interruptions, or connectivity problems that may affect a participant’s ability to take part in the Contest.

15.2 All decisions made by Juno Markets regarding eligibility, performance evaluation, rankings and prize allocation are final and binding.

15.3 Juno Markets reserves the right to amend, suspend or cancel the Contest, or modify these Terms, at its sole discretion and without prior notice.
